Ryan Dickenson

anyone heard from Flo

Levi

"Flo"???

Ryan Dickenson

@Flora

Ryan Dickenson

shes not answering priv messages

Amelia

Maybe Graham killed her for interrupting date night lolol

Amelia

She's probably just hungover, she did say she was racking up the drinks

But well, that was Friday night and now its Sunday, so...

Hayden Couch

@Flora any updates on G and DrBF?

Winnie D.

She probably didn't talk to them

Winnie D.

Which is fine @**Flora** I wouldn't have either tbh

Diana D.

Oh, hey btw guys its confirmed ripper now

Hayden Couch

Yikes... Well, maybe Graham will cancel tomorrow?

Diana D.

Or we'll get a whole lecture on the ripper

Winnie D.

Oh yeah, or that.

Then, Sunday turns to Monday.

Diana Dawson

Heads up, if you were going to skip today - Don't

Professor Graham is at the desk at the front of the room when she gets there. His feet up on the table, coffee cup in hand. His left hand, on which, there is a simple ring.

More importantly, though, is the projector screen alight with the first slide of the days lecture. Diana snaps a picture of it, not bothering to hide it.

Diana Dawson *Sent a photo*

Amelia

Dude! omg

Hayden

We just had a guest lecturer though?

Levi

Probably just an excuse for bring your fiancé to work day

Winnie

Wow, a good **@Levi** take

Diana Dawson

Oh! Probably so that DrG can look at the new ripper case

Winnie

You know what, I bet you're right

Levi

@**Winnie** so when I say it you're a smartass abt it but anyone else...

Winnie

No, yes exactly

Diana takes a sip of her own coffee about the time that Flora walks in, she waves her over. Flora still hasn't responded to any of the group chat messages. They're not particularly close, they've grown closer with the Dr.Boyfriend Drama, but still not hanging out outside of class type of friends. Still, Diana wants to talk to the other girl, check on her, maybe.

"Hey," Diana starts awkwardly.

Flora takes the seat directly beside her. Pulling out her laptop and tossing the rest of her things under her chair haphazardly.

"Hey," Diana repeats, a touch lower and softer, "So, what happened this weekend?"

"What? Nothing," Flora denies, as if she hadn't been freaking out in the group chat about her run in with Dr Graham and his fiancé.

"What about-"

"Good morning, Miss Franklin," an accented voice calls from the side. Dr. Boyfriend is making his way to the desk at the front of the room, which isn't altogether surprising, his name is already on the projector as todays guest lecturer. What is surprising though, is him making a point of talking to them - Flora - calling her by name and... checking in?

"Oh! Hi, Doctor Lecter,"

"It's good to see you again, are you feeling alright today?" He asks and Dianas holding her breath at this point.

Flora nods, "I'm- Yeah, I'm good, much better, really. Thank you,"

The man nods, gives a cursory nod for 'thats good' or 'anytime' or something that Diana can't actually figure out because- what?

Diana directs a look that hopefully conveys the full force of *what the actual fuck* that she's currently feeling to Flora.

The other girl glances around, they're not far from a few other classmates but they're also not so close as to be overheard without purpose. "They think I was roofied at the goddamn opera," she spits out to Diana.

"What? Oh my god,"

"Yeah, I don't know, I'm fine, but-" She shakes her head, "I got a drink and then I was talking to Dr. Graham about after school plans and stuff, and I just- Don't say anything, okay?"

"No, of course, whatever you need. But, Flora-"

"I'm fine," Flora insists, "Doctor Lecter was actually the one that looked me over- oh," She brightens, "*and* they've set a date for the wedding..."

End Notes

The one so many of you have been waiting for... and you barely get to see the actual lecture... oops
I was going to give you guys the opera conversation but... nahhhhh
